Version 1.1 Run

Run of October 20, 2026 with `npx vitest run` (Vitest 5.0.3, jsdom). Branch `main`, commit `2b41cb3`. Node.js 22.22.2.

Total: 20 files, 141 tests, 141 passed, 0 failed (38.6 s). Same files and tests as the previous run. The `Tests and build` check of GitHub Actions runs these tests and the production build on every pull request.

Coverage: the web `package.json` defines no coverage script; there is no report.
